

GRUNDSTEIN GLOBAL

Member Role: Finance

About Grundstein Global

Grundstein Global is a community, and your personal network, of highly motivated and talented students. The community is shaped and run by its members.

Our mission is to create a community for ambitious, talented and globally minded individuals who can inspire one another to excel in their chosen career paths and build lifelong relationships.

Why Join Us?

The environment of a person profoundly shapes the path they take. More importantly, the people one spends time and works with heavily influence one's entire life. By joining Grundstein, you will be surrounded by eager and talented people from different fields. This will influence your ideas, the way you work, the possibilities you have.

Grundstein does not only connect you with successful people. It also drives you to be more successful.

Primary Role Description

Before Grundstein's launch, you will consult on designing and implementing the community's financial strategy. Following the launch, you will directly become a member and will continue in shaping financial strategy and/or managing our funds.

Wider Responsibilities

As a member of Grundstein Global, you are expected to support the running and development of the community through accepting and creating tasks/projects related to your area(s) of expertise, or an area you are interested in.
